# Commercial Print

THE KANSAS CITY STAR PRESS PAVILION | 1601 MCGEE ST. | KANSAS CITY, MO | 64108

**The Kansas City Star is a proud recipient of the NAA's 2008 North American Color Quality Award for circulations over 100,000.**

## 100% PERFECTION

**The Kansas City Star has earned a perfect score (100%) from the Specifications for Newsprint Advertising Production (SNAP) and has been awarded The SNAP Certificate.**

SNAP is the standard that coldset commercial printers and newspapers use to assure reproduction quality.

The SNAP Certificate represents a significant accomplishment. It is given only to organizations whose production processes have objectively demonstrated an ability to produce printed results that conform to SNAP specifications.

**But the greatest honor is producing a product that our customers enjoy.**
