

Get in the game with ScoreStream!

Get in the game with ScoreStream to cover high school sports in **real-time**. Post your team's scores, photos and video in the ScoreStream mobile app!

1. Download the App & Find Your Team

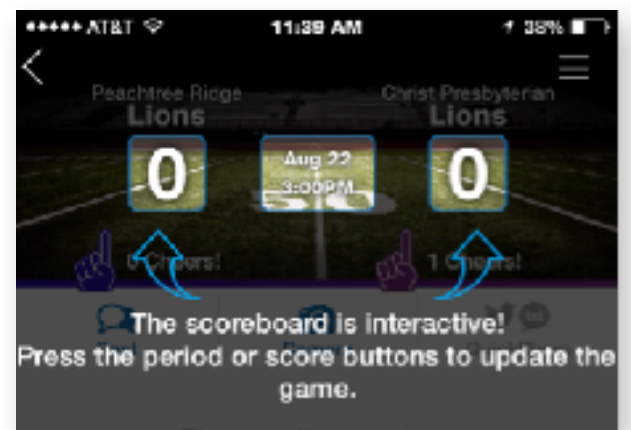

Download the **free** app in the Apple App Store or Google Play and sign up.

Search for your team using the search icon in the upper right hand corner

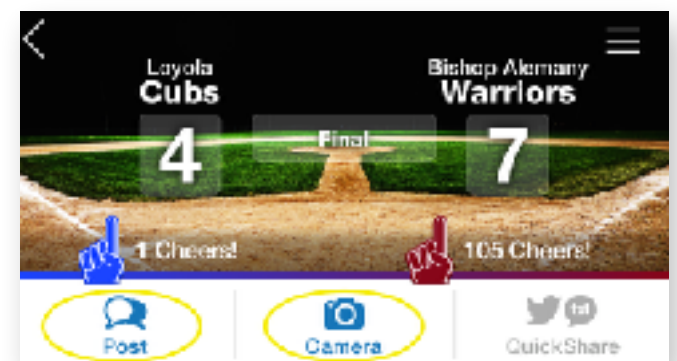

2. Score A Game

Choose your game and tap on the scoreboard to enter the score. Then watch your score update in real-time on our local media partners' websites and broadcast! It's that easy.

3. Post and Share Video

Click the "photo" icon to post a photo or video directly from your phone. You can also post to Twitter and Facebook with your pre-loaded hashtag and Scorestream will auto-generate the score for you!

4. Become a General Manager

Go to ScoreStream.com and become the "GM" of your team. There you can add custom photos and logos, add game venues and be the primary source for scores and videos for all of your school's sports.
